Address: 6 Owlsmoor Rise, Crowthorne, Berkshire, RG45 9RQ

Dear Dr L Considine,

Re: ENT outpatient clinic — seen 20 June 2026

Thank you for referring this patient, whom I reviewed in clinic. Following assessment I have made the following change to their medication:

Medication: Commenced apixaban 5 mg twice daily for atrial fibrillation. Please add to repeats and book anticoagulation counselling.

I would be grateful if you could update the repeat prescription accordingly. I have arranged review in clinic in three months.

Yours sincerely,

Miss V Harcourt
Consultant ENT Surgeon
